	CAPRI SPECIFICATION	SHEET	
	U U		
	STANDARD		OPTIONS
SEATS	High resilient polyurethane foam with a 12oz		OPTIONS
	High resilient polyurethane foam with a 12oz dacron pad wrapped in a 7oz dacron	s elastic webb	
SEATS SPRINGS	High resilient polyurethane foam with a 12oz	s elastic webb	ing
SPRINGS FEET WOOD FINISH	High resilient polyurethane foam with a 12oz dacron pad wrapped in a 7oz dacron Seat platform inte		ing Light or Dark
SPRINGS FEET WOOD FINISH	High resilient polyurethane foam with a 12oz dacron pad wrapped in a 7oz dacron Seat platform inte Stone	with high den	ing Light or Dark sity particle wood panels
SPRINGS	High resilient polyurethane foam with a 12oz dacron pad wrapped in a 7oz dacron Seat platform inte Stone Made of solid hardwood kiln dried rails Screwed, stapled and IN CMS width	with high dens nd glued as rec Height	ing Light or Dark sity particle wood panels quired Depth
SPRINGS EET WOOD FINISH FRAME	High resilient polyurethane foam with a 12oz dacron pad wrapped in a 7oz dacron Seat platform inte Stone Made of solid hardwood kiln dried rails Screwed, stapled ar	with high dens nd glued as rec	ing Light or Dark sity particle wood panels quired
SPRINGS EET WOOD FINISH RAME DIMENSIONS	High resilient polyurethane foam with a 12oz dacron pad wrapped in a 7oz dacron Seat platform inte Stone Made of solid hardwood kiln dried rails Screwed, stapled and IN CMS width	with high dens ad glued as red Height 92	ing Light or Dark sity particle wood panels quired Depth 87
